EXECUTIVE SUMMARY

Enthusiastic and detail-oriented B.Tech Computer Science and Business Systems student with a strong interest in UI/UX design and user-centered development. Skilled in designing intuitive and visually appealing user interfaces using tools like Figma, Adobe XD, and Photoshop. Possess a solid foundation in front-end technologies and an understanding of user behavior, wireframing, and prototyping. Experienced in creating responsive designs, improving user experience, and collaborating with developers to deliver engaging digital products. Strong problem-solving, creativity, and time management skills. Actively seeking an opportunity at Pixel Web Solutions to apply and enhance UI/UX design expertise while contributing to impactful user experiences.

EDUCATION

Perunthalaivar Kamarajar Matric.Hr.Sec.School, Thalavaipuram

2008-2022

B.Tech Computer Science and Business Systems

2022 - 2026

Ramco Institute of Technology, Rajapalayam

CGPA - 7.9

TECHNICAL SKILLS

- **Design Tools:** Figma, Adobe Illustrator, Canva, Adobe XD, Photoshop
- **Wireframing & Prototyping:** Wireframe.cc, InVision
- **Programming languages:** Python, C, Java
- **Web Technologies:** HTML, CSS, JavaScript (Basics)
- **Backend Technologies:** Java Spring boot
- **Database:** My SQL, Oracle, SQL

PROJECTS

Food Delivery Mobile App (UI/UX Design)

- Designed an intuitive mobile app interface using Figma, focusing on seamless user journey and easy navigation
- Created wireframes, user flows, and high-fidelity prototypes for key features like menu browsing, cart, and checkout
- Applied UX principles such as visual hierarchy, consistency, and accessibility to improve usability

E-Commerce Website for Sweet Stall (UI + Frontend)

- Designed responsive UI screens in Figma with a focus on clean layout and product visibility
- Implemented frontend design using HTML/CSS, ensuring responsiveness across devices
- Enhanced user experience by simplifying navigation and optimizing the checkout process

Flipkart Clone (Frontend + UI Implementation)

- Developed a responsive e-commerce interface inspired by Flipkart using HTML and CSS
- Focused on layout structuring, component-based design, and consistency in UI elements
- Improved understanding of real-world UI patterns such as product grids, navigation bars, and filters.

Portfolio Website (UI Design + Deployment)

- Designed and developed a personal portfolio with a clean, user-friendly interface
- Structured content to highlight projects effectively and improve user engagement
- Deployed using GitHub Pages with version control for seamless updates.

Marine Ecosystem Monitoring System

- Designed UI concepts and user workflow for a deep learning-based monitoring system
- Worked on presenting complex data insights in a clear and user-friendly manner
- Trained YOLO and Tiny U-Net models (~94% accuracy) to support system functionality

WORK EXPERIENCE

Quantanics TechServ Pvt Ltd , Madurai - Cloud Computing Intern

06/2024

- Learned VM configuration, containerization basics, Google Cloud Platform (GCP) services, and the application deployment cycle.
- Contributed to end-to-end deployment for web applications, including setup, testing, and optimization for live environments

Technohack (Online) - Data Science Intern

01/2024

- Developed end-to-end machine learning pipelines on real-world datasets, including preprocessing, model training, and evaluation.
- Contributed to predictive analytics projects, achieving 92% accuracy in churn prediction and 95% precision in spam detection using Pandas, NumPy, Scikit-learn, and Google Colab.

CERTIFICATIONS

- **C Programming** – NPTEL (Score: 61%)
- **Power BI Data Analyst** – ICT Academy
- **Account Security on Alibaba Cloud** – Alibaba Cloud
- **Data Visualization** – Tata Group (Forage Virtual Internship)
- **OCI Foundations Associate**- Oracle
- **TOEFL iBT ETS** – English Proficiency Test

LANGUAGES

- Tamil
- English
- Hindi

SOFT SKILLS

- Effective Communication
- Team Collaboration
- Time Management
