Portfolio: <https://harinigurusamy.github.io/harini-portfolio/>

EXECUTIVE SUMMARY

Motivated and dedicated Computer Science and Business Systems student with strong programming knowledge and a passion for software development and innovation. Skilled in Java, C, HTML, CSS, JavaScript, and Bootstrap, with practical experience in developing responsive applications, debugging issues, and optimizing performance. Possess internship exposure in cloud computing, providing hands-on understanding of deployment concepts and real-world IT operations. Strong problem-solving, analytical thinking, and collaboration skills with the ability to quickly adapt to new technologies. Eager to begin a career in the IT industry, contributing technical excellence, continuous learning, and innovative solutions in a fast-paced professional environment.

EDUCATION

Perunthalaivar Kamarajar Matric.Hr.Sec.School, Thalavaipuram

2008-2022

B.Tech Computer Science and Business Systems

2022 - 2026

Ramco Institute of Technology, Rajapalayam

CGPA - 7.9

TECHNICAL SKILLS

- **Programming Languages:** C, Java, Python, C++
- **Web Technologies:** HTML, CSS, JavaScript, Bootstrap
- **Design Tools:** Figma, Adobe Illustrator, Canva, Adobe XD, Photoshop
- **Backend Technologies:** Java Spring Boot
- **Database:** MySQL, Oracle, SQL
- **Libraries and Tools:** Pandas, NumPy, Matplotlib, Seaborn, Power BI
- **Version Control:** Git, GitHub
- **Wireframing & Prototyping:** Wireframe.cc, InVision

PROJECTS

Marine Ecosystem Monitoring System

- Developed UI concepts and structured user workflows for a deep learning-based monitoring platform to improve usability and real-time analysis
- Designed clear and interactive data visualization interfaces for presenting complex marine ecosystem insights effectively
- Trained and optimized YOLO and Tiny U-Net models, achieving **95% accuracy** for accurate detection and segmentation
- Enhanced system performance by integrating AI-based monitoring with efficient frontend presentation for better environmental assessment

Project Link: <https://github.com/Harinigurusamy/marine-ecosystem-monitoring>

E-Commerce Website for Sweet Stall

- Designed responsive UI screens in Figma with a focus on clean layout and product visibility
- Implemented frontend design using HTML/CSS, ensuring responsiveness across devices
- Enhanced user experience by simplifying navigation and optimizing the checkout process

Project Link: <https://www.figma.com/design/4Fc2xrkMpq5wShBkUTQ89A/Lala-Halwa-House?node-id=0-1&t=AZeYDHUWC7GgNddP-1>

Food Delivery Mobile App

- Designed an intuitive mobile app interface using Figma, focusing on seamless user journey and easy navigation
- Created wireframes, user flows, and high-fidelity prototypes for key features like menu browsing, cart, and checkout
- Applied UX principles such as visual hierarchy, consistency, and accessibility to improve usability

Project Link: <https://www.figma.com/design/JjCmusrNTHM2HxE9Wu4Fo4/ordering-app>

Flipkart Clone

- Developed a responsive e-commerce interface inspired by Flipkart using HTML and CSS
- Focused on layout structuring, component-based design, and consistency in UI elements
- Improved understanding of real-world UI patterns such as product grids, navigation bars, and filters.

Project Link: <https://harinigurusamy.github.io/harini-portfolio/flipkart/index.html>

WORK EXPERIENCE

Quantanics TechServ Pvt Ltd , Madurai - Cloud Computing Intern 06/2024

- Learned VM configuration, containerization basics, Google Cloud Platform (GCP) services, and the application deployment cycle.
- Contributed to end-to-end deployment for web applications, including setup, testing, and optimization for live environments

Technohack (Online) - Data Science Intern 01/2024

- Developed end-to-end machine learning pipelines on real-world datasets, including preprocessing, model training, and evaluation.
- Contributed to predictive analytics projects, achieving 92% accuracy in churn prediction and 95% precision in spam detection using Pandas, NumPy, Scikit-learn, and Google Colab.

CERTIFICATIONS

- **C Programming** – NPTEL (Score: 61%)
- **Power BI Data Analyst** – ICT Academy
- **Java Full Stack Developer** – Wipro TalentNext
- **Account Security on Alibaba Cloud** – Alibaba Cloud
- **Data Visualization** – Tata Group (Forage Virtual Internship)
- **OCI Foundations Associate** – Oracle
- **TOEFL iBT ETS** – English Proficiency Test
